News Release

FROM: Jeff Hardin, Development Director

For Immediate Release

First Annual "Save Room for Dessert" event announces results

Winston-Salem, NC, April 29, 2003— Samaritan Ministries, which operates a Soup Kitchen and homeless shelter in Winston-Salem, held the first annual "Save Room for Dessert" event Sunday April 27, 2003. The event served as a competition between area pastry chefs, as well as a fundraising event for Samaritan Ministries.

"The first ever Save Room for Dessert was a smashing success by any measure," remarked Jeff Hardin, the ministry's Development Director. "The competing chefs put a lot of work into making this a fun, family event, and their efforts raised about \$13,000 for hungry and homeless people served by our Ministry." Samaritan Ministries was also blessed to have the support of some great volunteer judges, including Mayor Allen Joines, Cameron Kent (WXII), Michael Hastings (Winston-Salem Journal), and Jeff (Smitty) Smith. Bill Flynn of WMAG served as Master of Ceremonies.

The winners of the Save Room for Dessert competition are as follows:

Best Chocolate Themed Dessert: 1st Place Institution Food House (Chef Alex Moore), 2nd Place Blue Ridge Ice Creams (Debbie Lee), 3rd Place Café McMillan (Don McMillan).

Fresh and Festive: 1st Place Noble's Grille (Emilie Nester), 2nd Place Twin City Club (Rob Creel), 3rd Place Auction House (Thomas Ryan).

Best Presentation: 1st Place Newtown Bistro (Mac Parker), 2nd Place Guilford Technical Community College (Tim Smith, Lauren Miles), 3rd Place Piedmont Club (Mike Gabrielson)

People's Choice Award: Piedmont Club, Fried Apple Crisp with Burnt Sugar Ice Cream, presented by Mike Gabrielson.

Samaritan Ministries has been feeding the hungry and providing shelter to homeless men for over 20 years. With a limited full-time staff, the Ministry relies on the time and efforts of countless volunteers to serve lunch each day and to run the shelter each night.

It's hard to believe that nearly a month ago it was 20 degrees colder and over 70 people showed up to jump into the cold water at Oak Hollow Lake. With the counting done, I wanted to take this time to say thank you to all that participated. We raised over \$15,700 for Special Olympics North Carolina

Yes, we are about fundraising, but the Law Enforcement Torch Run is also about raising awareness of Special Olympics. These athletes train year round and all their money comes from individual and corporate donations. Once again, we had a diverse group show up to lend their support. We had biker chapters like the Randolph County CBA (Concerned Bikers Association) and HOG (Harley Owners Group) members. There was Mike from DMJ (Davenport Marvin Joyce & Co.) who, over the past three Polar Plunges, has raised over \$11,000 and will receive this years trophy for most money raised by an individual. We had students and teachers from elementary schools to college participate. This is what I call a diverse group of our society, and we appreciate each and every one of you.

I am sure everyone noticed the tents with the Harley Davidson logos. Those were compliments of Mark Wheelihan, owner of Harley Davidson Greensboro. Mark and his group at Harley Davidson raised nearly \$3,000 for this one event. Somehow, he talked a representative from the Greensboro Bats to jump in and Hooter's Girls to show up as check presenters. This year with a commitment to donate over \$10,000, Harley Davidson of Greensboro will be recognized as a North Carolina Statewide Silver Sponsor.

Once again the event was promoted by the morning news personalities at FOX-8, and a full-page ad ran in Full Throttle Magazine prior to the jump. Clear Channel Communications (WTQR and The Buzzard) helped out this year. All this media coverage brought in a lot of individuals who wanted to participate (or just watch.) Thank you Jim Scott of Entercom Communications for the great job on the microphone and bringing your friends from all the Entercom radio stations who participated in the Plunge.

All in all, I think everyone had a good time. Guilford County Emergency Services provided us with a warm place to change and an ambulance, just in case. Papa John's and Krispy Kreme donated the refreshments for all those who jumped. Volunteers from P.U.S.H. (People United for Safer Highways) and the Sheriff's Department, including the underwater Recovery Team and the Explorer Post, helped the event run smoothly

For pictures of this year's event, Full Throttle Magazine has put its pictures on the Internet at <http://fullthrottlemagazinehomeip.net/pics/feature/200302polarplunge/> Visit this site to see some good pictures.

Thank you so much for WMAG's sponsorship of this year's NC Inland Race for the Cure. Your support helped us grow the event to over 7,150 participants and raise over \$450,000. This means we can provide a significant amount of money locally for education, screening and treatment.

We hope you will be back with us again next year. In fact, I think organizing "Lara's Team" will help grow

Dear Steve,

Thank you for WTOE/WKYK agreeing to be a sponsor at the Spruce Pine Community Hospital Foundation's third annual event, *The Beat Goes On*. Your in kind gift for air time, valued at \$250, will allow us to add your name on the brochure, on the website and in the advertising used to promote the event throughout the western North Carolina region.

Maintaining the financial strength of Spruce Pine Community Hospital is the key to being able to provide state-of-the-art healthcare services to the surrounding communities of the Toe River Valley area. Established in 1995, the SPCH Foundation assists the hospital with community outreach and financial support.

We hope that we will exceed last year's successful \$40,000 weekend, and with your help, we're on our way!

Sincerely,

Subject: Commentaries

Just a note to let you know how much I appreciate and enjoy your "Point of View Commentaries".

I also want to thank you for "NOT" using the "PC" terms of "Politically Correct". It is my belief that the "PC" term was created by and for the Clinton Administration to provide some sort of credibility for his incredible acts! As such, it always distasteful to see the media using the "PC" term like it had some sort of positive meaning.

Anytime that I note that the "PC" term is used in print or Radio or TV, I send off a letter stating my position and reason why the "PC" term (s) should not be used. A copy of my letter is attached. If you tend to agree with my position, please feel free to use any part or the entire attached letter in any way you feel is appropriate.

Again, thank you for running two fine Radio Stations. My only regret is that I can not listen to them in the evening or early morning when you are powered down.

Sincerely yours,

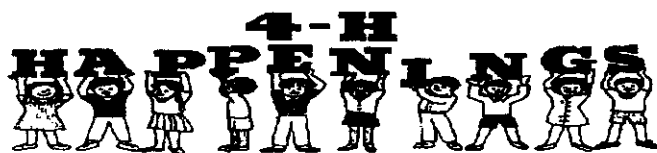

Paul Yantchook

Mica is raising two rabbits, so you can guess that we looked at the rabbits at the Fair. We looked at many rabbits of all shapes and sizes. After that, we looked at llamas. We looked at rows and rows of llamas. I really enjoyed seeing all the beautiful animals and I can appreciate all the hard work behind raising them.

Daniel and I rode The Hammer, a ride that you go upside down on. That was really fun! My mom doesn't like those kinds of rides, so I was glad to be there with Daniel who does. I had a great time at the fair and hope that you did too if you were able to go.

Discovery Club News

Everyone is excited about electing officers for their 4-H Discovery Clubs this year. Club officers will be encouraged to run their meetings with Parliamentary Procedure. Members will be earning badges again this year. This year promises to be fun for everyone. We will continue to focus on the personal development of each member. Thoughtful planning goes into each meeting to provide children a safe and educational place to meet. This is only possible with the help of adult volunteers. Please consider how you can help enhance your child's 4-H experience. This month we started our 4-H Club meetings with citizenship and civic education activities. Look in our following issues for the club corner to see what each club is doing. The month of October is assured of being "Batty" as we explore the world of beneficial bug eating Bats.

Attention South Toe Elementary parents, if you are interested in your child joining a 4-H Club, please meet me in the school's art room at 2:45 p.m. on the 8th of October.

I want to thank the staff at WKYK for their help as some of our youth and adult volunteers taped public service

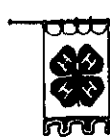

announcements for National 4-H Week. Listen for them in the coming week as we celebrate the accomplishments of 4-Hers across the nation. Learning about the radio station was a great experience for everyone involved. Thank you Michael, Dennis and all the volunteers.

It's time to start compiling your information for project record books. The record books will be due in December, so if you need pictures that I have taken or record forms for your 4-Her, please contact me soon so I can get those to you. I look forward to receiving this year's books and seeing all the wonderful projects that have been done

A really fun and educational event for our children will be held on **October 18th** on the Charlie Austin farm right here in Burnsville. See Percheron Horses in action plowing just like grandpa did it. Our friends Tammie and Mike Edwards are hosting this event and we hope to see you there.

if I had my life to live over...

*I would have invited friends over to dinner even if the carpet was stained and the sofa faded.
I would have eaten the popcorn in the "good" living room and worried much less about the dirt when someone wanted to light a fire in the fireplace.*

I would have taken the time to listen to my grandfather ramble about his youth.

I would have never insisted the car windows be rolled up on a summer day because my hair had just been teased and sprayed.

I would have sat on the lawn with my children and not worried about grass stains.

I would have cried and laughed less while watching television and more while watching life. Instead of wishing away nine months of pregnancy, I'd have cherished every moment realizing that the wonderment growing inside me was the only chance in life to assist God in a miracle.

When my kids kissed me impetuously, I would never have said, "Later. Now go get washed up for dinner."

There would have been more "I love you's" and more "I'm sorry's" but mostly, given another shot at life, I would seize every minute ... look at it and really see it ... and never look back.

Dear JAS:

I want to express my personal thanks, as well as those of the College, for running the editorial on the Higher Education Bonds just before the election last week. There can be no question that it had a significant impact. The results show that more than 5,000 people, a total of 67 percent, of those who voted last Tuesday in Yancey County supported the bond issue. There were similar results in Mitchell and Avery counties. To my knowledge, this is the first time that a bond issue of any sort has passed in all three of our counties.

A large part of the credit goes to you and the staff of Mark Media. With the large numbers who listen to WKYK and WTOE on a regular basis, there was a significant audience who heeded your call to vote in favor of the bonds. The people of our three counties will benefit from the passage of this referendum for years to come as a result of your willingness to take a public stand in support of this issue. Words cannot adequately convey my gratitude, so I trust you will accept a simple "thank you" for yet another contribution you have made to the community

Please give my best wishes to your family, and especially to Mike. I don't get to see him as often as I would like, nor do I get the chance to visit with my other friends at the station. But I think of you often, and with a great deal of fondness.

Sincerely,

if I had my life to live over...

I would have invited friends over to dinner even if the carpet was stained and the sofa faded. I would have eaten the popcorn in the "good" living room and worried much less about the dirt when someone wanted to light a fire in the fireplace.

I would have taken the time to listen to my grandfather ramble about his youth.

I would have never insisted the car windows be rolled up on a summer day because my hair had just been teased and sprayed.

I would have sat on the lawn with my children and not worried about grass stains.

I would have cried and laughed less while watching television and more while watching life.

Instead of wishing away nine months of pregnancy, I'd have cherished every moment realizing that the wonderment growing inside me was the only chance in life to assist God in a miracle.

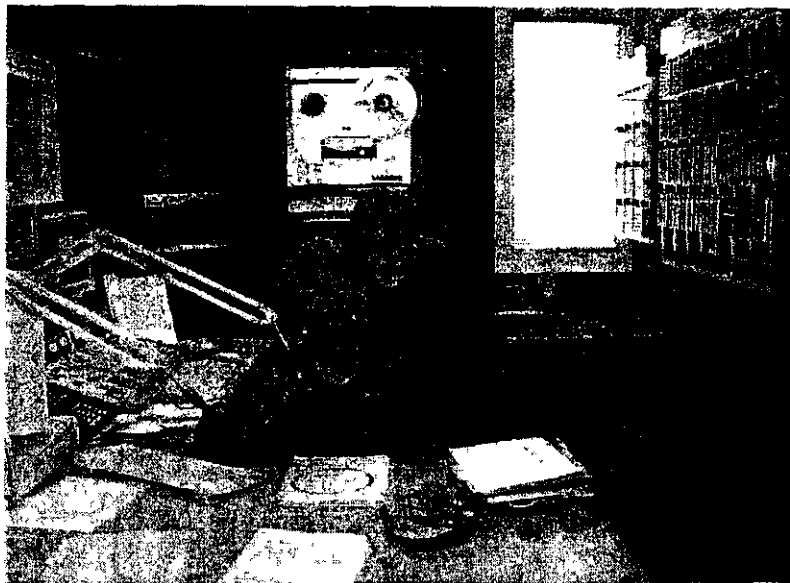

When my kids kissed me impetuously, I would never have said, "Later. Now go get washed up for dinner."

There would have been more "I love you's" and more "I'm sorry's" but mostly, given another shot at life, I would seize every minute ... look at it and really see it ... and never look back.

Dear Steve.

Even though we've never been properly introduced, apart from having your tape recorder in my face last night, I want to formally acknowledge your professional and personal contributions to our cause. The Foundation Board is kept aware of the various types of help received. We understand no one gets rich by assisting non-profits.

We couldn't attempt an awareness campaign without the involvement of you and your organization. Perhaps, after achieving the success for which we strive, we can one day be paying customers and support you!
